

**PAIRS WELL WITH:** LH 5377 VT2 PRO and LH 5487 VT2 PRO

## POSITIONING & MANAGEMENT

This was our #1 selling hybrid in 2019, 2020 and 2021! Its a proven 102-day product with very good test weight and some ear flex. It handles lower-yield situations. When pushed in population and fertility, it competes very well in the higher yield environments. Very good emergence and early growth make this a great no-till choice with above-average drought tolerance.
