

POSITIONING & MANAGEMENT

Ironclad variety that will thrive in Latham Country for all the good reasons. Second to none Sudden Death Syndrome and Sclerotinia White Mold tolerances make this a go-anywhere variety. The medium-tall plant height, excellent standability and stress tolerance make this the top choice from the Mississippi River to Central Nebraska. Excellent Iron Deficiency Chlorosis finishes off L 2744 XF's list of must-have traits for all of Latham Country.
